Choosing the Right Golf Bag: Cart vs. Stand

Key Concepts Covered

- Stand bags are lightweight with retractable legs-ideal for walking the course.
- Cart bags are heavier with more storage, designed for use on golf carts.
- Look for cart-friendly features: cushioned handles, secure base, and cart strap systems.
- Ample pockets help organize gear-clothing, snacks, and valuables.
- Club dividers prevent clanking and make club access easier.
- Waterproof or water-resistant bags protect gear in unpredictable weather.
- Durable construction is key if you plan to play often or ride regularly in carts.
- Many golfers eventually use two bags: one for walking, one for business outings with carts.

Pro Tips

- A dedicated valuables pocket adds professionalism and peace of mind.
- Rain covers can be a lifesaver-make sure yours includes one.
- Choosing the right bag makes you look prepared and polished on the course.
