Half Wedge Drill

Setup

Grab a pitching wedge or sand wedge and prepare for distances in the 30–80 yard range. This drill is designed to dial in your control and accuracy.

Swing Cue

Take the club halfway back and stay fully committed through the ball. No deceleration. Use a compact, confident follow-through with rhythm and balance.

What to Notice

This drill teaches feel, tempo, and distance control. It helps prevent over-swinging and guides you toward a consistent wedge game under pressure.
